

My first experience-This is a true story and while I am sure I have embellished it to some degree it is almost over 40 years since it started. I was very ashamed for a lot of years but did some therapy and realized I wasn't at fault and it wasn't bad to have enjoyed it.

I was the middle child of 5 and according to my parents the black sheep. Always in trouble my mother believed I was the instigator and therefore I never felt able to go to them for help or support. We lived in a pretty middle-class area on a cul de sac. The biggest and most elegant house on the street was at the turn around and was the only house I knew of that had a swimming pool even though it was an above ground one. This was in the late seventies so no cell phones or internet or home computers for that matter. Thank goodness. The girl who lived in that house with her mom and step dad was Vicki. We were both just finishing seventh grade and I was in head over heels in love with her but was afraid to ever tell her so. All my friends would tease me about her because I would walk to school with her every day and carry

her books. When school let out in June I was miserable thinking I would not see her until sept when school went back in. Vicki was not allowed to hang out and play with the kids in the neighborhood. I turned 12 in June and she was turning 12 in August.

Vicki was beautiful at least to me. She was taller than me by about an inch and had white blonde hair that reached almost down to her butt. She was not thin but not fat I guess. She had the most beautiful blue eyes and her butt was awesome when she wore jeans. She had started to develop. In those days girls didn't wear training bras they wore undershirts. That showed off her small tits but best of all her really puffy nipples. Some of my friends used to grab her because her tits were so puffy. Me on the other hand I was short and skinny. Maybe 5 feet tall and 100 pounds with dark brown hair and blue eyes and I was forever being called cute by adults and I hated it. My penis was small too about 2 1/2 inches soft but almost 4 when I had a boner which was all the time. I had started to play with myself at 9 or so and jerked off every day at least 3 or times usually to the Sears catalogue girls underwear

section. I would have little orgasms but was not old enough to squirt precum or sperm. A couple weeks after school was out Vicki came to our house and asked if I could come to her house and swim. Once my mother confirmed that her dad was home she said fine. She wasn't crazy about Vicki's step dad I think because he was black and huge and intimidating and at that time we had only ever seen a couple of black people in our town.

I got my trunks and headed over to her house. She took me into the back yard to the pool house and told me I could change there. I quickly pulled off my shoes and pulled my shirt off and hung it up. Then I took my socks off and pulled down my jeans and underpants. Just as I grabbed my swim suit the door opened and Vicki walked in on me. I dropped my suit and put my hands over my cock and turned 5 shades of red I think. Vicki giggled and said "sorry I thought you would be ready by now:" She didn't turn and leave or turn her head at all. I told her I would be out in a minute but she just kept staring at my hand covered cock. Then she said "can I see it" I knew she meant my cock and I just got redder

in the face as I felt me my cock start to grow. Then she said "I'll let you see my tits {and yes she said tits} if you let me see your cock." I dropped my hands and just stood there shaking like a leaf as she pulled her bikini top up exposing her small breasts with the most amazing puffy nipples pushing out from those small breasts. She walked over to me and grabbed my now fully hard cock in her hand and took my hand and put it on her breast.

The door to the change room slammed open and in walked her step dad. When he saw us he went ballistic.

Ben was at least 6'4 or 5 and huge. His shirt stretched over a huge chest and his arms were bigger around than my legs. His head was shaved and he had tattoos all up and down both arms.

He started yelling at me and pointing his finger at me and telling me he was going to call the police. He said " I'm going to have you charged with rape and sent to a reformatory. He just kept going on and on and I lost track of what he was yelling as I was crying and begging and trying to tell him what had happened.

Vicki finally said “ Daddy, it wasn’t Hugh’s fault. We kind of did it together. He will do whatever you want just don’t call the police please daddy.”

Ben calmed down then and just shook his head at me and finally said “ ok boy, do you promise to do whatever I tell you no matter what and not talk back or sass me” I

immediately nodded yes and he said “What? Don’t nod answer me” I said “yes sir I’ll do whatever you say” and then he said “ And you’ll never tell anybody ever what we do. If you do I will tell the police you’re lying and just trying to get out of raping my little girl” I nodded again and said “I promise”

Part 2

“Come into the house to the basement “ I grabbed my clothes and started to pull my shirt over my head and he said “ don’t bother with those: I was still shaking and scared but I started to follow him and Vicki pulled the rest of her bathing suit off and started to follow. I turned and looked at her now fully naked and saw my first ever pussy.

We walked into the family room and it was more like a movie studio than a family room. There was a big tilt back rocker on one wall with a white wall behind it and two big video cameras pointing at it. At the far end there was a huge bed and again a large white backdrop and this time it had 3 cameras pointed at it. There were a lot of other easy chairs and a bar. The floor was covered in really heavy orange shag carpet which was popular at the time. I was still really scared and shivering and covering my cock up which of course was now fully soft. Vicky was totally ok it seemed and was moving around like this was normal.

He then he asked me if I wanted to touch Vicki's cunt and play with her tits. At first I thought he was kidding but Vicki said "you can if you want" so I said "ok" and reached over to touch her tit. He then said " Not yet boy. Only when I give you permission. Now you are going to see a cock boy "

He then told Vicki to come closer and undress him. She walked over and pulled his tee shirt over his head and then she unbuckled his pants and pulled them down. He wasn't wearing underwear and as she pulled his

pants down more and more cock came into view. I had never and I don't think to this day have I seen a cock that big. I was still soft and I have to believe it was 8 to nine inches long and at least 4 inches around. The head was like a large purple mushroom and I could see the huge veins that ran down the underside of this huge cock to a pair of balls the size of golf balls that hung down halfway to the end of his massive cock. He was also completely bald. He sat down in the in the big tilt back and Vicki started to rub his massive cock. He got hard in about 10 seconds and I was amazed at how much bigger it was than when it was soft. It had grown for to at least 12 inches and 5 to six inches around but the huge purple knob still hung over the sides of the shaft. Vicki put her hand on his cock and started to rub him up and down. She took my hand and said 'its ok you can touch it and put my hand on his cock. I couldn't believe the heat that was coming off his cock and when I touched it , it jumped a bit. I wasn't so much scared now and interested in what would come next. He said " Watch Vicki and when you do what she does I'll let you play with her for a while." I said ok and watched as Vicki tried her best

to get his cock head in her mouth. She barely got it in and was using both hands wrapped around his cock to jerk him off. I have never been as scared in my life. Did he want me to suck his cock too. Well, we know the answer to that don't we. Vicki went at him for a few minutes. I'm not sure how long because time had ceased for me. Then she pulled her mouth off his huge nob and said "OK now you try. It doesn't really taste like anything ok. Just do it and then it will be over. " I looked at his massive cock and she took my hand and put one then the other around his shaft. He just sat there like some king on his throne waiting.

Then he said " get at it boy or get out and I'll call the cops.

I had my hands on his cock and moved my face closer to it. I stuck my tongue out and moved it around the head of his cock. A big ooze of precum came out and before I noticed it I had licked it. It didn't really taste like anything and except for being a bit salty it was ok so I opened my mouth as far as I could and slipped the head of his cock into my mouth. I gagged a couple times for sure as my mouth was completely full of cock. That's

when I realized I had the biggest boner I had ever had. I kept jacking him and since I had never done it before I wasn't really ready when he exploded in my mouth. I only got one rope of his cum in my mouth and the next several shot all over my chest and his belly and my face and arms. It seemed to go on forever and I was watching amazed at the sight of my first male cum. Vicki stepped up and took his cock from me gobbled the last rope of cum and started to clean him off and suck the rest of his cum into her mouth.

When she was finished she grabbed my head and kissed me pushing her tongue into my mouth and transferring some of his cum into my mouth. I was amazed and shocked and more aroused than I had ever been in my life. Ben seemed very satisfied with himself and now knew that I was completely under his control.

After Vicki and I cleaned him off she took my hand and put it on her tit and pulled my face down to her chest. I opened my mouth and took her puffy nipple into my mouth. I had no idea what to do so I just started to suck it and she moaned and said " oh yes that's good"

He directed us to the big bed and had Vicki lay down with her legs over the side of the bed. He told her to spread her legs as far as she could and pull her legs up onto the edge of the bed.

I was totally mesmerized by her cunt. With her legs apart like that I could see her inner lips were already hanging down a bit outside her labia. Her clit was hooded at the top and when he told her to pull her lips farther apart and up her clit came out like it had been hiding. It looked almost like a little cock sticking out.

He told me I could touch it and when I extended my hand and touched her clit it felt hard like the tip of my finger.

I was shaking all over and my cock hurt it was so hard when he told me to put my face into her slit and lick her from her butt hole which was also on full display up to up to her clit and keep doing that until she started to moan and breath heavily. I just looked at him and said "but doesn't she pee out of there"

He started to laugh and said " and what do you think I piss out of and you just sucked me off boy. Hers will taste a lot better" so I put my face into her cunt and started to lick her

up and down. She was so wet and as I sucked her juices into my mouth I was amazed at sweet it tasted. She started to breath harder and harder and push her cunt up into my face. Then she grabbed the back of my head and forced it deeper into her hot wet cunt as she moved up and down on my face. Then she started to moan heavily and her legs tightened around my head as she climaxed and a small squirt of liquid shot out of her cunt and into my mouth. Her whole body shook uncontrollably and she cried out and then she relaxed on the bed and I looked up to see a huge smile on her face. "Thank you. That was an awesome orgasm you just gave me."

They both looked down at me to see that I had cum at some point during this and since I wasn't old enough to shoot cum or have sperm the only way they could tell was that my cock was now flaccid and wet. Again, I was totally embarrassed and ashamed thinking I had failed.

I had trouble sleeping the next several nights wishing I could be there all the time. I knew what we were doing was wrong in some way but it felt so good I didn't want it to ever

stop. Even sucking his cock became second nature We continued to play like this for about another 3 or 4 sessions just Ben and Vicki and me. I got better to the point where she could suck my cock while I sucked Bens . He had started to let me play with Vicki a lot more and I loved her tits so much. The puffy nipples just loved to be sucked and played with and I got pretty good at face fucking her and playing with her tits at the same time but of course only after we had finished with Ben.

About 2 or 3 weeks after we started she came over and asked if I wanted to swim again as usual. I had to finish cutting the lawn so I told her I would come over when I was done. I only took my swim suit so my mother wouldn't suspect anything.

When I got to her house Ben and Vicki were sitting by the pool and Ben told me to sit down. I sat and then I heard another female voice and turned to see Vickis mom come out with a tray of drinks. I had met her a couple times before when I'd pick up Vicki to go to school. She was wearing a bikini that was very tight and revealing I though. She bent down and gave me a drink and we all sat

there for a while just chatting. I hadn't even put my bathing suit on and was not sure what to do. I thought she didn't know and we would not be doing any fun stuff today.

Finally, April was her name picked up our empty glasses and told Vicki to help her in the kitchen. They left and Ben told me to come into the basement.

I followed him down and as per our usual game I undressed myself and then Ben and started to masterbate him. I had just taken his huge cock into my mouth and was using both my hands on his cock when I heard April say " Hey, what's going on here you boys" I gagged and pulled Bens cock out of my mouth and slowly turned with my hands now covering quickly shrinking cock to see April and Vicki standing over by the big bed. They both giggled at my discomfort and then proceeded to take their bathing suits off.

I wasn't sure what to do with her mom there and my cock started to flop. I didn't know if I was in trouble or what but though since she was naked it couldn't be too bad.. I had never seen a grown woman naked in my life. I just stared at her looking her up and down and

took in the most beautiful body I had ever seen. Aprils hair was blonde but not white blonde like Vicki. She was quite tall like 5,7 or 8. When she turned around her ass was perfect and I would later learn it was called a bubble butt. Her long legs went up to a hairless cunt. When she turned so I could fully see her beautiful pussy the first thing I noticed was she had these long lips hanging down from inside her labia and surrounded a clit the size of the tip of my middle finger. Ben started to laugh and reached out and pulled them down and they stretched down like 4 or 5 inches. Vicki had his cock in her mouth and didn't seem to be paying any attention to us. Ben told me he called those her piss flaps and April gave him a light playful slap. I also noticed she had big puffy nipples like Vicki seemed to be growing but her tits were bigger. Not huge but nice on her. I'd say today they were likely a large b or c cup. She came over to me and took my cock in her hand and started to stroke me and said "it's OK Hugh Vicki has told me all about you. Vicki was busily sucking her dad's cock and as I turned to look back at her, her mom went to her knees and started to suck me.

Needless to say I was hard again in about 10 seconds lol. At this point I had never fucked Vicki so i was amazed when her mom pulled me over to the big bed and pushed me back on it and climbed on top of me and reached between her legs and took my cock and slid it up to her hole. I was so fucking horny I just pushed up into her and she sat down on me. Vicki started to giggle and pulled her dads cock out of her mouth and said " ah mom I wanted to fuck him first". Her mom said "sorry baby but you know I love boy cock"

The rest of the day was spent sucking and fucking but the only one who could take any of Ben's cock into her cunt was April and she could only take about half. But the best part was I finally got to fuck Vicki. We laid on the big bed and kissed and touched for a long time. I was fingering her tight little hole and licking her clit while I pushed a finger into her back door and she was so wet we were leaving a puddle on the big bed. She whispered to me " please fuck me Hugh I need to cum. "I was so gentle as I put my cock into her hole fearing I would hurt her but after a few short strokes I couldn't hold

back anymore and I started to pound her little hole. Her lips grabbed my cock and I was amazed at how easy it was to slide into her little cunt. We fuck for a long time and I'm pretty sure she came at least twice when I finally did it wasn't a big one because I had had an orgasm with her mom maybe 2 lol. As I rolled off her and looked up both her mom and dad were behind cameras shooting us. We both just hugged and laughed.

Chapter 3-

That was a Sunday or Saturday maybe and the next week we didn't see each other until Friday. She as usual came to ask me over and my mother was so used to me going there she didn't take much notice.

When we got to Vickis house I notice a couple of cars that I didn't recognize but didn't think much of it being 12. We went into the back yard and entered the basement by that door. As I turned into the room I was shocked to see three other men and some other kids. Vicki introduced them all to me as her uncles even though none of them had any family resemblance. There was Uncle Jim and his

two kids Sherry and Will. Sherry was about Vickis age but her tits were bigger and she was taller than us and Will looked about 9 or 10. They were all naked. Everyone was naked. Vickis mom was passing out soft drinks to the kids and beers to the adults. The next person she introduced me to was Uncle Matt and his son Larry. Larry's was about 15 or 16 and his cock was second biggest in the room next to Bens. Even his dads cock was small compared to Larry's. The last person I met was Uncle Fred and his two daughters Megan who was about 8 or 9 and Jenny who was our age 12. Megan was strutting around like she owned the place shaking her cute ass. She was totally bald of course and had no tits at all but seemed to think she was the belle of the ball. She was standing beside Will and had his little cock in her hand. I was lost in all the cock and cunt and just stood there with my mouth open and didn't know what to say or do. Vicki turned to me and opened my pants and slid them down and I stepped out of them. My cock was already hard and I just stood there holding Vickis hand. Ben then took over and ordered different people to couple up. He ordered me to me

stand by Megan with her 9 year old body and she looked at my cock and complained that she wanted to be with Larry. Within minutes everybody having sex. Larry had his huge cock stuffed into Vickis cunt and Ben was buttfucking Jim who was eating out his daughter Sherry who laid on the big bed while April video taped the threesome action. I couldn't believe Jims ass could accommodate Bens 12 inch cock but he was moaning and seemed to be loving that and eating his daughters cunt. Sherry's was the first cunt I had seen so far with hair on it so I figured at this point hair was a personal choice. I looked down to see Megan with my cock firmly between her lips and she was sucking me like a pro. My head was spinning at all the sex around me when Fred walked over and told me to lean down on all fours so Megan could get under me and suck me better. I did as he asked not thinking clearly and when I was in position I felt someone licking my asshole and god did that feel good. I had so far never experienced anything like it with Megan sucking my cock and her dad licking my asshole. I was in heaven until I felt the head of his cock push into my ass. I had never felt

such pain before and now here he was with his 6 inch cock all the way up my virgin asshole. I pulled away ripping my cock out of Megans mouth and his cock from my ass. He looked shocked. I said “ I don’t like that and Im not going to do it” He complained to Ben who was now behind the camera watching Jenny lick Aprils spread cunt while she sucked little Wills tiny cock.

Ben turned to me and said “listen boy we all are here for fun and we all do everything including ass fucking so get at it”

For the first time since this had started I stood up to Ben and told him I wouldn’t ass fuck and if that meant he was going to call the cops on me go ahead. Ben just shook his bald head at me and laughed like hell and told Fred to find another ass to fuck.

By the time the afternoon was over I had fucked all the girls except Megan and sucked everybody off but Fred. I didn’t like him at all. Over the course of the afternoon the video cameras had never been turned off and Ben and April had taken literally hundreds of pictures of men fucking girls and their own daughters and in some case sons. Boys sucking boys and eating girls and April

including their own sisters and men with men
butt fucking until no one had any cum left.
With that they all packed up and left and I
went home exhausted but very content.
The sex parties continued on and off for the
next year and a half. Then my family went to
the cottage in August of my 14th year and
when we got home they were gone. Vicki
never showed up at our school when we went
back to class and I never heard from them or
saw them again
